

iCareJobPair LLC

WOMAN-OWNED MANAGEMENT CONSULTING · PROJECT DELIVERY
INFRASTRUCTURE

"The project delivery base your business can actually run on."

NAICS: 541611 · 541618 · 561320 · 611430 | UEI: DL5SWKUP61G9 | CAGE: 9T2V1 | PAST PERFORMANCE: USDA
Federal Prime Contract 2024

iCareJobPair LLC is a WOSB-certified management consulting firm that installs **PM-BASE™** delivery infrastructure inside complex contracts and enterprise projects — protecting your delivery, your relationships, and your next opportunity.

THE PROBLEM PRIMES FACE

- Winning the contract is the milestone — delivery is where risk lives
- Subs without PM infrastructure become CPARS liabilities
- No documentation, no reporting discipline, no handoff plan
- WOSB goals go unmet — costing points on the next bid
- Institutional knowledge walks out with key personnel

PM-BASE™ FRAMEWORK

Project Management Business Architecture

for Structured Execution

- B Build** Charter, scope, schedule & closeout
- A Align** Resources, budget & systems matched
- S Standardize** Reporting, risk & governance consistency
- E Elevate** Stakeholder comms, lessons learned & growth

HOW WE SOLVE IT

- PM-BASE™ Framework installed on active contracts in 30 days
- Fractional PMO support — structured delivery from day one
- COR-ready reporting, risk tracking & scope control built in
- WOSB-certified partner strengthens your socioeconomic scoring
- AI-powered delivery infrastructure locks in institutional knowledge

CORE CAPABILITIES

Fractional PMO Support

- Project charter & scope framework
- Kickoff through closeout execution
- Multi-contract portfolio oversight
- COR-ready documentation & reporting

Contract Delivery Management

- Stakeholder & COR communication
- Risk tracking & issue escalation
- Scope change control & documentation
- CPARS-conscious delivery discipline

PM Workforce Development

- EA/Coordinator to PMP® pathway
- PMI-aligned framework installation
- Staff PM capability assessment

PRIME PURSUIT

- WOSB certification satisfies set-aside & scoring requirements
- PMP®-credentialed PM resource strengthens your technical narrative
- PM-BASE™ methodology section ready for your management volume
- WinPath™ Bid Engine available for proposal writing engagements

POST-AWARD DELIVERY

- PM-BASE™ infrastructure embedded on task orders immediately
- Milestone management, COR reporting & stakeholder updates
- AI Delivery Team deployable within 30 days of award
- Lasting PM capacity built inside client teams as contract runs

SUBCONTRACTING

- WOSB-certified sub satisfies small business participation goals
- Plug-and-play PM-BASE™ infrastructure — zero ramp-up time
- PM-BASE™ discipline protects your prime's CPARS rating
- Past performance: USDA federal prime contract 2024

KEY PERSONNEL

Candace Fortson, PMP®

Founder & Managing Principal

20+ years in business administration and operations management, including 7+ years leading complex project delivery across federal and state contract environments. Architect of the PM-BASE™ Framework and WinPath™ Bid Engine. Endorsed by Lee R. Lambert, one of the original founders of PMP® certification.
